Career Summary

Mr. Labrador is an experienced construction engineer who has administered construction and construction services contracts ranging from highway improvements to recreational playing fields. Working alongside others at the Department of Public Works and with the State Department of Transportation and the Federal Highways Administration (FHWA), he has helped to develop the City & County of Honolulu's FHWA program. Under the Division Chief's guidance, he has been instrumental in developing procedures, required forms, and administering the first successful FHWA participating project, which was the Salt Lake Boulevard Widening, Phase I. Mr. Labrador has also managed numerous construction contracts for a variety of City departments reviewing cost proposals and preparing change orders, project status reports and consultant contracts.
