### **Career Summary**

Mr. Silva has over 24 years of civil engineering experience and has completed numerous projects requiring adherence to Federal, State, and City & County standards for site work, roadways, and water, sewer and drainage systems. He has worked extensively with the Federal Highway Administration, various State of Hawaii departments including the Departments of Transportation, Health, and Hawaiian Home Lands, and various departments governed by the City & County of Honolulu including the Departments of Planning and Permitting, Design and Construction, Environmental Services, Parks and Recreation, Transportation Services, and the Honolulu Fire Department. Mr. Silva has established working relationships with staff members responsible for facilitating plan approvals. In addition to his involvement in design work, he routinely coordinates contractors and oversees construction management.
